# Changes & Upgrades to Specific Models of S Series Toggles & SW Series Rockers

Type of Change:

- Engineering     Part Number  
 Product         Appearance

Revisions to the design of S Series Toggles and SW Series Rockers have been rescheduled. These include all those listed in previous Product Change Notices, **Contact Nos. 418** and **418-A**, that had been postponed. The changes support NKK's ongoing efforts toward reducing the presence of substances that may be of environmental concern, and to further establish supply stability of products. The following table lists the changes and will include standard and custom models. Effected standard part numbers for S Series Toggles and SW Series Rockers are on pages 2, 3, and 4.

Changes for S Series Toggles & SW Series Rockers

Change No.	Description of Change	Before Change	After Change
1	Material of Switch Case	Phenol Resin	Melamine Phenol Resin
2	Switch Case Color	Reddish Brown Example Shown: S1A 	Black Example Shown: S1A 
3	Method of Identification on Case	Sticker	Laser Etching
4	Plating on Switch Contact and Rivet	Silver Plating (Contact Made of Silver Alloy with Copper)	No Plating (Contact made of Silver Alloy with Copper)
5	Plating on Coil Spring	Chrome Plating over Zinc (Coil Spring Made of Piano Wire)	No Plating (Coil Spring Made of Piano Wire)
6	Material of Actuator Block	Polyacetal	Polybutylene Terephthalate
7	Assistant Plate	No Assistant Plate	Added Assistant Plate
8	Insulating Plate	No Insulating Plate	Added Insulating Plate
9	Reduction of Substances with Environmental Concern	Cadmium Present in Contact (Categorized as RoHS Exemption 8(b), 8(b)-1)	No Cadmium Present in Contact
10	Contact Resistance Measuring Conditions	DC2 ~ 4V 100mA	DC5V 1A

### Notes

There are no changes to any of the switches' dimensions or specifications. Due to this change, UL recognition will be updated from UL1054 to UL61058-1 with rated voltage at 125V AC. Contact information is below if more details are needed.

### Effective Date

Changes for the S Series Toggles and SW Series Rockers will be effective November 2026. However, the date may be subject to change depending on inventory of the products.

**Key to Changes**

√ The change applies to all the part numbers within the group.

\*1 These products were either designed initially as in "After Change" condition or had previously been changed.

\*2 The component was not used in the product.
